THIS IS UNEVALUATED INFORMATION

- 1. About 1.5 km. behind the barbed wire obstacles which follow the border around Sopron, Hungary, wooden posts with insulators have been erected. Nine barbed wire strands at intervals of 20 cm. have been attached to these insulators and are supposedly charged with electricity.
- 2. A pass is needed to travel to Sopron from other parts of Hungary. To enter the area between Sopron and the border another special pass is required.
- 3. A battalion of the ANV borderguards is stationed in Rosseg. The 250 men are commanded by a First Lieutenant Torn (fnu) and are armed with light and heavy machine guns, automatic pistols and infantry rifles.
- 4. The Soviet heavy artillery and mortar unity which has been stationed in Kiszeg since 1947 consists of 700 men with 32 motorized field pieces and 22 mortars. To this unit are attached 200 men with 100 to 120 vehicles, which are sheltered at the north end of the Gyöngyös Bridge. The command post of the unit, which appears to be a regiment, is in a building on Gyöngyös street.
